YOU CAN MAKE A DIFFERENCE IN THE LIFE OF AN ANIMAL

The Sponsor-a-Wild Critter Program

The Audubon Center wildlife barn is currently home to ten permanently injured, non-releasable birds, and other education animals that teach thousands of people a year about the important roles animals play in our environment. Sponsor-a-Wild Critter donations go towards **food, medical care, housing and enrichment items** to help encourage natural behavior in our resident education animals.

On average, it costs \$2500 a year just to feed all our resident education animals!

For more information about our Sponsor-a-Wild Critter program, or our animal educational programs, please contact:
